

Reg No L7541 Act 36 of 1947
RSA PAT.APPL No. 2012/1970

only add ONCE every month

Directions for use:

Backwash and rinse filter

Add 1 Litre of CPC ULTRA to 50 000 litres of water.

Allow pool pump to operate for at least 4 hours in order to mix the product with the pool water.

Set the filter to run for 8 hours on and 16 hours off.

After 2 weeks backwash and rinse the filter.

Correct the pH and alkalinity if need be.

Repeat above on a monthly basis.

no chlorine
