

DES-O-WAX

Des-o-germ is proud to announce the arrival of DES-O-WAX , a polyethylene ,fast drying medium to high shine coating for citrus.

DES-O-WAX remains effective in maintaining the freshness and flavour of the fruit , while allowing green fruit to colour up during transportation and storage.

DES-O-WAX protects fruit and helps minimize moisture loss while maintaining its shine and durability during the packing ,refrigerated transport and storage all the way to the end market.

DES-O-WAX is suitable for a wide range of applications and will dry well under even the most trying conditions in packing environments.

DES-O-WAX is suitable for both local and export markets.

DES-O-WAX does not contain Morpholine.

DES-O-WAX does not contain Shellac.

EU NUMBER - Oxidized Polyethylene wax **E914** for surface treatment of citrus fruits
